EDUCATION **M.S. Analytics, Expected June 2015**
University of San Francisco

B.S. with High Departmental Honors in Mathematical Economics, 2014.
B.A. in Middle Eastern Studies, 2014.
Tulane University GPA: 3.85

WORK
EXPERIENCE **Content and Site Manager**
Land of Opportunity Interactive, May 2013 - July 2014
Managed server and content upload process, trained users on backend site usage, served as technical problem-solver for otherwise non-technical team.
Copywriter
Tulane University *New Wave*, September 2010-September 2013
Researched and interviewed individuals and campus events of interest, crafted concise articles for University newsletter publication.

SELECTED
PROJECTS **Data Acquisition: Ad Buys and Senate Candidate Twitter Presence**
MSAN Course Project, September 2014
Utilized Twitter API and BeautifulSoup scraping of The Sunlight Foundation site to access, normalize, and store data on the volume and sentiment of Twitter mentions of candidates in 2014's most competitive Senate races, as well as the volume, timing, and geographic placement of candidate and issue ad buys, in anticipation of testing hypotheses about impact of the latter on the former.

Undergraduate Thesis
Tulane Economics Department, September 2013-May 2014
Title: *The Impact of Prison and Jail Privatization on Correctional Quality in Texas.*
Used Stata to process, manipulate, and analyze Texas Department of Criminal Justice and Department of Public Safety data to isolate the impact of prison ownership.

AWARDS &
LEADERSHIP **Bloomberg Aptitude Test:** Scored in 99th Percentile worldwide.
Tulane Women in Technology: Helped found and served as Executive Board Member.
Python instruction: Helped organized and teach student-driven introductory course.
